Fast Toner Replacement A simple one-piece toner cartridge is replaced easily via the front panel.

Efficient means easy.

250-Sheet Cassette A high-capacity cassette means less reloading, more productivity. It also means your paper stays smooth and dust-free. And for double the paper capacity, you have the option of adding an additional 250-sheet cassette.

One-Touch Dialing In addition to 150 speed dial locations, the SF-755P features 40 fast one-touch dial buttons.

Intuitive Controls One-touch buttons and a clear display make everything quick and easy.

Versatile Paper Inputs A 50-page automatic document feeder combines with a single-sheet multipurpose tray to support a variety of documents up to legal size.

Scan to Email If a recipient doesn't have a fax machine, you can quickly and easily scan your document and send it as an email attachment.

Higher quality, higher confidence.

600 x 600 dpi Laser Print Engine The SF-755P delivers the sharp, professional-looking text and graphics you'd expect from the world's second-largest laser print engine manufacturer.

Sophisticated Scanning Preserve documents and images at photo quality with color scanning at up to 600 x 300 dpi.

Extended Battery Backup In the event of a power interruption the SF-755P will still receive and store fax data for up to 72 hours.

Single-Scan Multi-Copy With a single scan, you can get up to 99 copies at the push of a button, reducing unnecessary wear and tear on the document feeder and scanning mechanisms.

Award-Winning Reliability Samsung laser office machines are constantly receiving recognition for their superior reliability and dependability.

Functional fax features.

Fax Broadcasting Transmit the same document to several locations without having to refeed your original.

Fax Forwarding Expecting a time-sensitive fax? Have it forwarded directly to your hotel.

The way we think. Exciting features. Distinctive designs. Entirely new products. They're what the world expects of us. And they're what we expect of ourselves. Because we're driven by the thought that even when it's perfect, it can be better. It's why we continually reinvent even our own successful products. And it's a way of thinking that consistently results in products with more power. More productivity. More style. More fun. More everything. We also manufacture many of our own components, so we have the freedom to conceive and design and build and create without limit. Our way of thinking lets us give you exactly the products you want. Which, in the end, are exactly the products we want.
